MILAN BERGAMO AIRPORT CELEBRATES ITS 13 MILLIONTH PASSENGER OF 2019

Milan Bergamo Airport has celebrated its first-ever 13 millionth passenger of the year. A new record in the growing trend in passenger movement, which over the course of 2019 has seen an increase of 6.5% compared to last year.

The 13 millionth passenger of 2019 was Annabella Cremonte, a yoga teacher resident in Voghera, who was departing on the 11:10 a.m. Alitalia flight AZ 2153 to Rome Fiumicino, where she was due to continue to her final destination of New Delhi.

Giovanni Sanga, the president of SACBO, awarded the passenger Annabella Cremonte with a commemorative plaque and a special case containing a VIP card for the airport, a sweatshirt and a series of Milan Bergamo Airport-branded gifts, an annual card to enter the Carrara Academy, a ticket for two to the Teatro Sociale to see a performance from the opera season, and a stay for two in a tourist location in Bergamo, the lakes or the mountains, courtesy of VisitBergamo. The passenger Annabella Cremonte, who was travelling with her 10-year-old son Gabriele, was celebrated at gate 10 in the Schengen departures lounge in the presence of Giacomo Cattaneo, Director of Aviation for SACBO.

All of the passengers departing on 6 December received a gift of a cap with the Milan Bergamo Airport logo and the words "13 million passengers", accompanied by a card thanking them for having chosen to fly from Bergamo airport, thus contributing to reaching this historical milestone.

"An important day for Milan Bergamo Airport, which is obtaining ever more recognition from the world of travel, and is also seeing growth due to the high load-factor percentage, thanks to its capacity to offer an extensive network of links with the possibility and advantage of being able to connect to important intercontinental hubs, as demonstrated by our 13 millionth passenger of the year" - stated Giovanni Sanga, president of SACBO.
