

## **BERGAMO ORIO AL SERIO: AIRPORT OF THE THOUSAND**

In its half-century of history, SACBO – Management Company for Bergamo Orio al Serio Airport – has seen the presence of a total of 1,044 employees. They have performed roles at different levels, from management to operational and administrative positions, and many of them began and concluded their entire working life in the airport company organisation.

Each of them made their own contribution to the airport's development and success, conferring the expertise that enabled them to reach high, universally-recognised levels of quality, winning growing appreciation from travellers and operators.

At present the SACBO group, which comprises the parent company SACBO and the 100%-controlled handling company BIS (BGY International Services), comprises 518 employees (234 at SACBO and 284 at BIS).

For the reasons described above, SACBO has decided to pay tribute to all those who have dedicated their work to the company and to the service of the airport, considering them all together in the citation "AIRPORT OF THE THOUSAND".
