

## First Aid at Milan Bergamo Airport

### An agreement with the Humanitas Gavazzeni team

*Bergamo, 6 May 2025* - SACBO, the operator of Milan Bergamo Airport, and Humanitas Gavazzeni have signed an agreement for the management of **Airport First Aid** effective as of 1 May 2025 for a **duration of three years**.

The service guarantees the **round-the-clock** presence of a **physician** and a **nurse** for **first aid** operations within the airport area, either on the ground or on board aircraft, **in the event of health-related emergencies or urgencies**.

In addition to a clinic located in the landside area of the terminal, the First Aid service has a fully equipped **ambulance** permitting intervention throughout the airport.

Training and constant refresher courses for the health workers operating in the First Aid team will be managed by SACBO in accordance with airport-related legislation and intervention procedures.
