

Press release:

## Air Arabia Maroc celebrates 7 years of flights on the Milan Bergamo – Casablanca route

12th May 2016 - Air Arabia Maroc, the leader of low cost air transport to Morocco, announces the seventh anniversary of the start of operations on the Milan Bergamo - Casablanca route. The airline provides 6 direct flights per week.

This anniversary marks the success enjoyed by the connection between Milan Bergamo Airport and Casablanca, confirming the company's desire to strengthen its presence in Italy. The Air Arabia Maroc flight is operated by the new, comfortable Airbus A320.

Over these seven years, Air Arabia Maroc has earned the trust of millions of passengers due to its convenient, reliable and safe flights to and from Morocco.

"We are pleased welcome in this important and significant stage in the long relationship that joins us together with Air Arabia Maroc - states Giacomo Cattaneo, SACBO Aviation Director - The airline has always operated with continuity, recording excellent coefficient at filling the flight, and guaranteeing the connection which has, most importantly, allowed us to gain the loyalty of the Moroccan community residing in the catchment area of Milan Bergamo airport, as well as of Italian industrialists who, in recent years, have launched economic/manufacturing activities in Morocco, taking advantage of the incentives to foreign investments created by the government of the North African country".

Bergamo is one of five Italian airports where Air Arabia Maroc operates, along with Bologna, Venice, Naples and Cuneo.

###

### **Air Arabia Maroc:**

Air Arabia Maroc is part of the Air Arabia Group. With headquarters at the Mohammed V airport in Casablanca, Air Arabia Maroc is the first Low Cost Carrier (LCC) in Morocco. The company was founded in April 2009 and provides an offering that combines comfort, reliability and the best quality/price ratio.
