

## PRESS RELEASE

BGY, 3<sup>rd</sup> ITALIAN AIRPORT 2016

### **SACBO: PASSENGER TRAFFIC INCREASED BY 7.26% IN 2016**

The airport of Milan Bergamo closed 2016 with a final balance of 11,159,631 passengers, which corresponds to an increase of 7.26% compared to 2015 data, when a figure of 10.4 million passengers was reached. Results obtained in 2016, which in general saw the contribution of the further growth in load factor regarding scheduled flights, and which accompanied one of the best punctuality indexes on a global scale in the airport category corresponding to traffic volume, allowed for the consolidation of the third place held in the rankings of national airports, below Rome Fiumicino and Milan Malpensa.

With regards to air freight, a reduction was registered of 4.2% in cargo transportation, which reflects the progressive increase in efficiency of the sector. It also corresponds on average to one flight less per day and the substantial confirmation of levels of handling, certified in 2016 at approximately 118 thousand tons (-2.7% compared to 2015), allowing to maintain primary functions and values of the logistic courier centre.
