This list shows the maximum standard guaranteed in application of the above rates. Any different organization of the check-in procedures (for example Common Check-In) or any different or minor use of the same, will not reduce the amount due to the Airport Managing Company. The count of the time begins 120min before the Scheduled Time of Departure and it also includes the use of the gate until the closure of the boarding process. Any additional use of the check-in counters, both in terms of duration and number of desks required, implies the application of the rates referred to "extra use rates" (see following point 2).
